AURORA

Grisone was developed with the aim of providing the best support and alignment of the spine. The careful selection of materials has allowed us to obtain a structure that can follow the curves of the body in detail with breathability at the highest possible standards and excellent dispersion of heat and humidity.

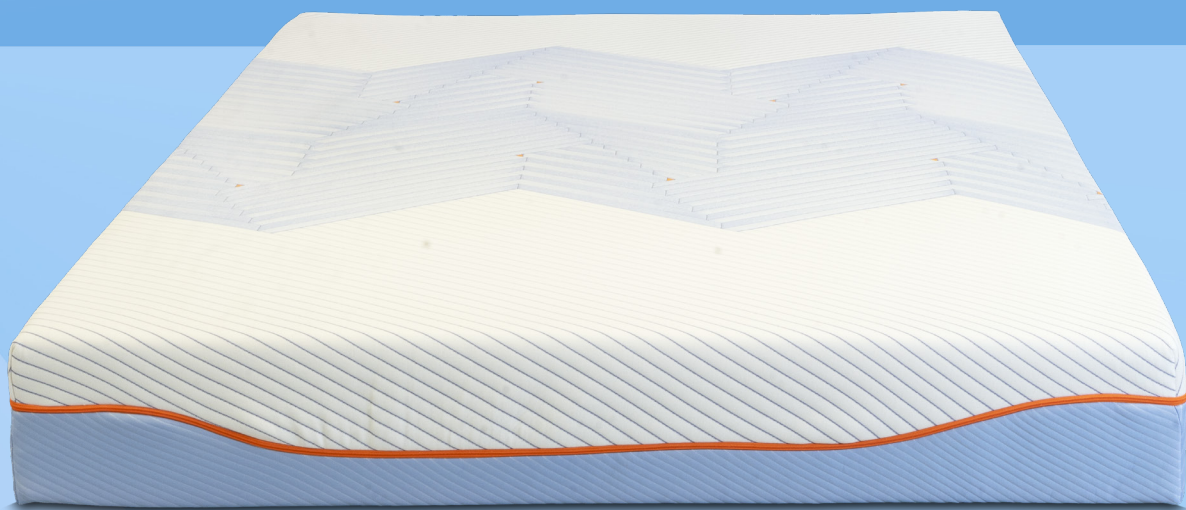

Its Memory Risorsa, created with materials of plant origin, allows the body to adapt to the shapes without sinking, making rest healthy and pleasant.

Breeze Hr is a revolutionary product, capable of breathing 50 times more than traditional Memory. This allows us to offer a fresh and ventilated support surface, ensuring that the deep sleep phase is not disturbed by high temperatures and excessive sweating.

Grisone is available in two versions: medium and high bearing capacity.

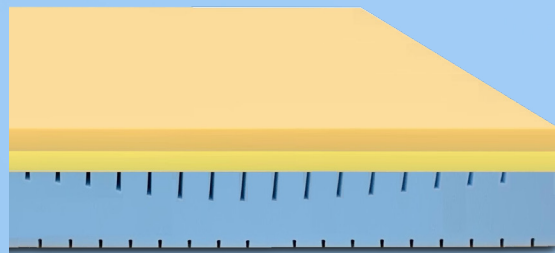

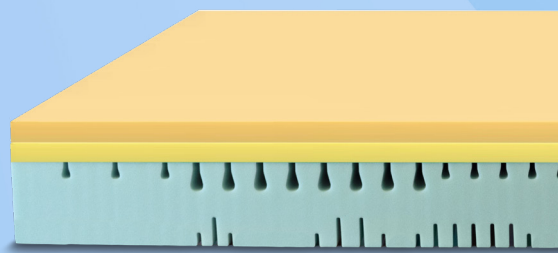

### MATERIALS:

The Grisone mattress cover is available in the following variants: Outlast, Tencel e Seta.

### TECHNOLOGY:

- 4 cm Breeze HR
- 4 cm Memory Risorsa
- 14 cm Acquafoam
