

# AURORA

The logo for Aurora Pillows features the word "AURORA" in a bold, white, sans-serif font. A blue, wavy line passes through the middle of the letters. Below the text is a large, orange, semi-circular shape that resembles a pillow. The word "PILLOWS" is written in a smaller, orange, sans-serif font directly below the semi-circle.

## The Collection

Our pillows, CERTIPUR certified, tested in the laboratory and entirely made in Italy, represent the excellence of comfort and quality.

Each pillow is designed to guarantee maximum well being, respecting rigorous safety and sustainability standards.

Our pillows can be lined with the same covers as the Anatomic collection, offering a wide choice to meet the different needs of comfort and style.

The covers are available in three high quality materials:

**TENCEL:** A natural fiber obtained from wood cellulose, known for its exceptional softness and ability to absorb moisture, keeping the skin cool and dry.

**SETA:** A fine and luxurious material, which offers a feeling of lightness and delicacy on the skin. Silk is ideal for those seeking a touch of elegance and supreme comfort.

**OUTLAST:** An advanced technology originally developed for NASA, which regulates body temperature by absorbing, storing and releasing heat as needed. Perfect for those who want a peaceful sleep without temperature changes.

Choosing our pillows means opting for high quality products, made with excellent materials and innovative technologies, to guarantee maximum comfort and well being during rest.
